Functional Description:

The Ecco 180 HE motorized portal turnstile with stainless steel drum, barrier grate, guides and feet is especially well suited for outdoor plant access control as well as for stadiums, recreation facilities and garage-to-building transitions.

Its compact size and transparent design mean that the Ecco 180 HE can be easily integrated in fence installations.

The Ecco 180 HE is suitable for single or bidirectional operation and its 180° division means high user comfort.

A galvanized version is available as an economical alternative.
